

Andrew Kennedy

Call: 1989

Andrew Kennedy has a practice that focuses primarily on clinical negligence and regulatory and disciplinary law, and the public law aspects of these areas. He has a wide experience of clinical negligence representing both Claimant and Defendant principally in complex or high value claims. In the regulatory field, he has been involved in some of the most significant and high profile GMC enquiries in the last 10 years, and has appeared before all of the major regulatory bodies in the healthcare field. In addition, he undertakes personal injury work and professional negligence work arising from his primary areas of practice.

Andrew Kennedy has been recommended for a number of years by the principal legal directories.
